About me

I am Biruh Tesfahun a Software Engineering Student in AAiT

I have a strong passion for machine learning and cyber security. I dream to use these technologies in different aspects of my country and across the Globe.

I am also passionate about competetive programming to tackle complex challenges as eficient as possible. I also enjoy sharing knowledge with others.

Interests

I am passionate about web development and cloud computing, with a strong interest in creating solutions to real-world problems. I am also curious about artificial intelligence and enjoy learning about the history of technology.

Hobbies

In my free time, I like reading books about technology and history, solving coding problems on platforms like LeetCode.
